

Turning - CNC Machinist

Due to on-going investment and continuous business development we currently have a position available for a CNC Turner to work within our long established Sub-Contract Engineering Organisation.

The successful candidate must:-

- Be time-served with experience of Fanuc programming on CNC Lathes
- Have experience of working within the Sub-Contract industry manufacturing components for various industries
- Be able to operate and adhere to 9001/18001 & 14001 HSEQ standards
- Demonstrate aptitude for developing new and improving existing manufacturing processes
- A keen appetite for learning, along with an enthusiastic approach to work and life

You will possess a proven track record within a similar engineering environment. Good communication, problem solving skills and the ability to work well within a proactive highly driven team environment are essential.

Please send CV with a covering letter to:-
