

Part of the AGZ Group

Due to on-going growth we are currently looking to recruit for the following position to work within our subcontract engineering organisation. This is an exciting opportunity for the successful applicant to join our well-established engineering company.

Fabricator / Welder

The successful candidate should:-

- Have a broad knowledge within a sub-contact engineering environment with experience in the Water and Quarrying industries being advantageous.
- Able to work well in a team environment with excellent communication skill.
- Good problem solving skills are essential.
- Operate at all times within current quality and health & safety regulations. (ISO 9001 - OHSAS 18001).
- Possess a full UK driving licence.

You will possess a proven track record within a similar engineering environment, be able to work as part of team and demonstrate good communication skills.

Excellent rates of pay negotiable based on skill and experience. There is also opportunity to benefit from regular paid overtime in addition to the standard 39 hour week.

Please send CV with a covering letter to:-

Mr Hugh McNeil
