

Part of the AGZ Group

Due to on-going growth, we are currently looking to recruit for the following positions to work within our subcontract engineering organisation. This is an exciting opportunity for the successful applicants to join our well-established engineering company.

Fabricators / Welders

The successful candidates should: -

- Have a broad knowledge within a sub-contract engineering environment with experience in the Water and Quarrying industries being advantageous.
- Have experience in the Fabrication, Welding and installation of all types of steel structures including Stairs, Platforms, Ladders and Walkways etc.
- Have experience in both a steel fabrication workshop and also site works.
- Be able to work well in a team environment with excellent communication skills.
- Have good problem-solving skills.
- Operate at all times within current Quality, Environmental and Health & Safety Standards. (ISO 9001/14001/45001).
- Possess a Full UK driving licence.

You will have a proven track record within a similar engineering environment.

Excellent rates of pay negotiable based on skill and experience. There is also opportunity to benefit from regular paid overtime in addition to the standard 39-hour week.

Please send CV with a covering letter to: -
