

Part of the AGZ Group

Due to on-going growth we are currently looking to recruit for the following position to work within our subcontract engineering organisation. This is an exciting opportunity for the successful applicants to join our well-established engineering company.

Mechanical / Fitter Supervisor

The successful candidate must: -

- Be time served with a broad knowledge of mechanical maintenance and repair.
- Have a broad knowledge within a sub-contact engineering environment with experience in the Water and Quarrying industries being advantageous.
- Be comfortable in supervising and delivering the completion of various site work.
- Have strong leadership skills.
- Liaise with Management Team and support delivery of all company strategies.
- Operate at all times within current quality and health & safety regulations. (ISO 9001 - OHSAS 18001).
- Possess a full UK driving licence.

You will possess a proven track record within a similar engineering environment, be able to work as part of team and demonstrate good communication skills.

Excellent rates of pay negotiable based on experience. There is also opportunity to benefit from regular paid overtime in addition to the standard 39 hour week. A Company van will be provided.
