

CNC Machining Centre & CNC Lathe Operators Required

Due to on-going investment and continuous business development we are always on the lookout for skilled CNC Machining Centre & CNC Lathe Operators to work within our long established Sub-Contract Engineering Organisation.

The successful candidate **must**:-

- Be time-served with a vast experience of Fanuc programming on Vertical/Horizontal Machining Centres / CNC Lathes
- Have experience of working within the Sub-Contract industry manufacturing components for various industries
- Be able to operate and adhere to ISO 9001 quality standards
- Demonstrate aptitude for developing new and improving existing manufacturing processes

You will possess a proven track record within a similar engineering environment. Be able to work as part of team with good communication skills, organisation and problem solving abilities.

Knowledge of Cad Cam/Edgecam Systems would be advantageous but not essential.

Please send CV with a covering letter to:-
